May 2025 graduate seeking full-time opportunities in SDE and FRONTEND DEV

Experience

AbCoEdtech, SDE Intern | Nagpur

Jul 2023 -

present

- Developed and deployed **Website** as an Intern, integrating **JS and CSS** to solve Ed-solutions
- As part of my internship at Acetech, a dynamic startup at the forefront of software education, I undertook a pivotal project aimed at the meticulous redesign of their course offerings.
- This initiative was driven by the company's strategic merger, presenting a unique opportunity to optimize and tailor their curriculum to the discerning preferences of diverse user groups.

Education

8.5/10 **B.TECH in INFORMATION TECHNOLOGY**, PRIYADARSHNI COLLEGE OF ENGINEERING | India

2021-25

81.50/100 **Hsc- 12th**, New English jr Collage | Maharashtra, India

2021

Achievements: Finalists @ Inter-School Tech-project (PCE , Nagpur)

Courses: C , Cpp and Java | Data Structure and Algorithm | Frontend Development | ethical hacking from scratch

Projects

Abhyas

Dec 2021 - Jan

2022

Student Management System, Personal Project

- Developed a comprehensive student management system for an educational institution specializing in programming education and internship placements.
- The system is entirely PHP-based, incorporating **HTML, CSS, and JavaScript** components which contain more than 10 scripts.

Minor Degree Project

June 2023

Sports Scheduler, Personal Project

- Developed RESTful API web services utilizing Node.js, resulting in a reduction in response time and an increase in overall system efficiency.
- Managed and maintained PostgreSQL databases using pgAdmin, ensuring a data accuracy high rate and a better improvement in query optimization.
- Implemented **Git version control**, effectively collaborating with a team and leveraging **GitFlow**, resulting in a reduction in code conflicts and an increase in code integration efficiency.
